Dear Mrs Veronika Danzer-LaFortune,

The Heritage Children Center is a Not-for-Profit Organization registered under the Companies Act of Trinidad & Tobago and operating in the Belle Garden District of Tobago.

We primarily provide Special Education Services that support children with Autism, ADHD, Down Syndrome, Cerebral Palsy and Dyslexia and provide Remedial Educational Training to At-Risk Primary School children. In addition, as part of its development activities, Heritage Children Center also conducts camps during the Easter and Summer vacation breaks in order to ensure that our children have wholesome, productive and educational activities that are supportive of creating well-rounded citizens in Trinidad & Tobago.

The Heritage Children Center relies exclusively on grants and fees in order to deliver its educational programs.
