**Re: Continued Collaboration with Healing with Horses**

We are pleased to confirm our ongoing collaboration with *Healing with Horses* as part of our commitment to providing holistic care and therapeutic support to our residents.

We support the proposal to continue partnering with *Healing with Horses*, who will ensure that all sessions are supervised by qualified mental health and equine professionals. We believe that this initiative aligns with our organizational values and our dedication to offering comprehensive, person-centered services that promote emotional well-being and personal growth.

We look forward to continuing this valuable partnership and moving forward with the planning and implementation of upcoming sessions.

The Authority remains grateful for your continued and kind co-operation.
